GUNTERT PAVING SCHOOL

RIPON, CALIFORNIA
JANUARY 20 - 24

The annual Guntert Paving School aims to provide G&Z customers with a necessary skill set and knowledge to efficiently and safely operate complex paving equipment. Learning from G&Z's experienced team, interacting with special guests and lecturers, sharing experience with each other will benefit every participant in a long run.

WHAT IS IN IT FOR YOU?

Offered classes:

- Equipment Orientation
- Equipment Set Up and Calibration
- Hydraulics
- Operator Control
- Trouble Shooting
- Mix Design
- Stringless Paving with Leica & Trimble
- EGON Telematics
- Proval
- CDBI
- Ride / Water Cooler Talk

A professional paving crew can make a big difference in job biddings, equipment investment and job quality. Consider sending your team to the Guntert Paving School to better prepare for the 2020 paving season. G&Z will make every effort to conduct the school program up to your expectations.
